

Minutes of the Paul Revere Village Association Board meeting

July 20, 2015

Members in attendance- Laurie Guptill, Jeff Grinnell, Kristina Jackson, Corey Davidson, Scott Greenfield

31 Lexington Road has requested an exterior radon mitigation system. This request was denied. The current 3 radon mitigation systems are interior.

12 Lexington has requested that a tree near her deck be removed.

Danny will do spot painting on the older garage doors.

Three streetlights continue to not have power and remain dark. One is near 30 Lexington, one is behind the parking area near 47 Lexington and the last one is at the bottom of Concord. All three of these streetlights will be powered once National Grid arrives to install new power meters at the power panels. This may take a number of weeks.

National Grid still has not replaced the 3 broken in ground electrical junction boxes.

10 Lexington Road has been turned over to Marcus, Errico, Emmer and Brooks, a Braintree law firm, for foreclosure. This firm has handled collection attempts for 10 Lexington Road previously.

Next meeting September 15 4 MHL 5:45 pm
